

How to log onto Odoo

What is Odoo?

It is a web-based package of various business applications (e.g. for invoicing, purchasing, project management, accounting, etc.)

You are directed to this page because cApStAn has something to share with you via Odoo.

Logging onto Odoo

Go to the top right side of this page and click on 'Sign in".

- If you have already received an invitation mail to Odoo and you clicked on "Accept", you have set a password. You can use that password.
- If you haven't received/accepted the invitation or have forgotten your password -> click "Reset password". Make sure you use the same email address you use in communicating with cApStAn.
